North Shore Management Plan

A Shoreland Management Plan for Lake Superior's North Shore

THE GOAL

The North Shore Management Board (NSMB) is seeking your input to assist with the update of the North Shore Management Plan. This shoreline management plan was first adopted in 1988 and is infrequently updated. The Plan provides strategies for environmental protection and orderly growth along the North Shore of Lake Superior.

THE MEETINGS

1. Why are we meeting?

You will learn more about the Plan, the process for updating the Plan, and how you can submit your comments and concerns regarding the Plan.

2. How can you help?

We want to gather recommendations and 'real-life' experiences of community members and the North Shore. Your voice is key.

3. What is our future?

The NSMB will update the Plan and will continue to seek your feedback and comments on the draft Plan prior to its completion and adoption.
